

PLASTICS

COMPOSITES + RUBBER

Who we are, what we do, who reads us

SA Plastics, Composites & Rubber was launched in 2002 by Summit Publishing, based in Cape Town and owned by publisher/editor, Martin Wells.

The magazine is published six times a year in Feb, April, June, August, October and December and has a circulation of around 2 400. The address list comprises companies and individuals across the spectrum of the Southern African plastics industry – from equipment and material manufacturers and suppliers, their agents and principals; plastics converters, recyclers, raw material manufacturers, product manufacturers and plastics services and ancillaries suppliers. Our readers also include members of research and development facilities in South Africa.

SA Plastics, Composites & Rubber is the official magazine of the Plastics Institute of Southern Africa and the Plastics Converters Association.

The magazine is also available to read digitally on www.issuu.com. Simply type in 'SA Plastics' in the search bar, along with the month and year of the issue you would like to read. Since 2011 (our first digital version of the magazine), more than 24 600 visitors have read it online.

SA Plastics, Composites & Rubber is also online at www.saplastics.co.za.

Advertising opportunities exist in:

- the printed publication,
- on our website, and
- in a tailor-made, stand-alone email newsletter

Please ask for our advertising rate card if you are interested in any of these opportunities.
